To the editor:

Recent action by the Board of State Canvassers is an appalling slap in the face to voters. Two Democrats on the board decided voters should not have a chance to vote on the marriage amendment simply because they do not agree with the amendment.

The governor's public support for denying Michigan residents the right to vote is even more disturbing. This week marks the 84th anniversary of the 19th Amendment to the U.S. Constitution – the one giving women the right to vote. Around the world, people are fighting and dying for the chance to vote in an election.

In the 22nd Senate District alone, more than 12,000 people signed the marriage amendment petition, calling for the people's right to vote on this issue. It is inexcusable that just TWO people would keep this from voters and disappointing that the governor would support such an inappropriate abuse of power.

Sincerely,

Sen. Valde Garcia
22nd District
